

# CALL FOR PAPERS

**ICCDTF 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDTF 2022 : International Conference on Cue Dependent Theory and Forgetting is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cue Dependent Theory and Forgetting. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cue-dependent forgetting  
Semantic cues  
State-dependent cues  
Context-dependent cues  
Free recall

Prompted (cued) recall  
Relearning method  
Recognition  
Other theories of forgetting:  
organic causes and interference  
theories  
Impairments and lack of forgetting
