

# CALL FOR PAPERS

**ICIEEM 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIEEM 2022 : International Conference on Industrial Engineering and Engineering Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Engineering and Engineering Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Decision Analysis and Methods	Production Planning and Control
E-Business and E-Commerce	Project Management
Engineering Economy and Cost Analysis	Quality Control and Management
Engineering Education and Training	Reliability and Maintenance Engineering
Global Manufacturing and Management	Safety, Security and Risk Management
Human Factors	Service Innovation and Management
Information Processing and Engineering	Supply Chain Management
Intelligent Systems	Systems Modeling and Simulation
Manufacturing Systems	Technology and Knowledge Management
Operations Research
