

CALL FOR PAPERS

ICNSPIT 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNSPIT 2022 : International Conference on Nonpoint Source Pollution and Innovative Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nonpoint Source Pollution and Innovative Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nonpoint source pollution
Sediment and nutrients
Toxic contaminants and chemicals
Urban and suburban areas
Agricultural operations
Atmospheric inputs
Highway runoff

Forestry and mining operations
Marinas and boating activities
Control
Modeling and estimation of nonpoint
source pollution
Monitoring and assessment of
nonpoint source pollution
Nonpoint source pollution control
and innovative technology
