

CALL FOR PAPERS

ICPYMDGDA 2022
Apr 29-30, 2022
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPYMDGDA 2022 : International Conference on Pharmacy, Major Drug Groups and Drug Action is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pharmacy, Major Drug Groups and Drug Action. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pharmacology
Pharmacy
Medicine and biology
Drug action
Pharmaceutical drug
Drug classes or groups
Chemical class
Mechanism of action
Mode of action
Therapeutic class
Amalgamated classes
Chemical structures
Stimulants and sedatives

Agonists and antagonists
The specificity of drugs
Potency
Affinity
Nervous system
Placebo effect
Toxicology
Drug effect
Chemical biology
Antipathogenic capabilities
Pharmacodynamics and
pharmacokinetics
Biomedical science
Research, discovery, and
characterization of chemicals
