

# CALL FOR PAPERS

**ICSFMLP 2022**  
**Apr 29-30, 2022**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSFMLP 2022 : International Conference on Sustainable Farm Management and Livestock Production is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Farm Management and Livestock Production. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Precision Crop Production  
Sustainable Farm Management  
Harvesting, Processing, Storing and  
Transport  
Biogas and Pyrolysis Gas  
Liquid Biofuels  
Postharvest Handling Systems  
Bioenergy and Biofuels  
Vehicles and Fuels  
Postharvest Losses and Food Waste  
The Agri-Food Chain and  
Agricultural Ict Policy  
Semantic Interoperability and  
Knowledge Management  
Artificial Intelligence, The Cloud,  
Big Data, Analytics and  
Visualization

Renewable Energy  
Climate Control in Livestock  
Production  
Management of Agricultural Waste  
Food Science and Technology  
Ergonomics and Ergodesign  
Agricultural Engineering  
Precision Agriculture  
Livestock Technology  
Production Engineering  
Automation Technology  
Agricultural Economics  
Employee in Agriculture And  
Digitalisation
