

CALL FOR PAPERS

ICVG 2022
Apr 15-16, 2022
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVG 2022 : International Conference on Volcanology and Geophysics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Volcanology and Geophysics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Seismic and volcanic hazards
Magmatic petrology
Volcanic degassing
Volcanic hazard evaluation and mitigation
Environmental impacts of volcanic eruptions

Monitoring active volcanism from satellites
Volcanism in glacial environments
Evolution of volcanic landforms
Volcano hazard and risk research
Environmental effects of geological hazards
