

# CALL FOR PAPERS

**ICVSCVSCEF 2022**  
**Apr 15-16, 2022**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVSCVSCEF 2022 : International Conference on Visual-Spatial Cognition, Visual-Spatial Cognitive and Everyday Functioning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Visual-Spatial Cognition, Visual-Spatial Cognitive and Everyday Functioning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Visual-spatial cognition  
Visual-spatial cognition and brain function  
Typical development of visual-spatial cognition  
Atypical development of visual-spatial cognition  
Typical improvement of visual-spatial cognition

Atypical improvement of visual-spatial cognition  
Modulation of visual-spatial cognition  
Visual-spatial cognitive and everyday functioning  
Math education and visual-spatial cognition  
STEM and visual-spatial cognition
