

CALL FOR PAPERS

ICCDMMS 2022
Apr 22-23, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDMMS 2022 : International Conference on Ceramic Design, Materials, Mechanics and Structures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ceramic Design, Materials, Mechanics and Structures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ceramic engineering
Ceramic engineering and applications
Applications of ceramic engineering
Advanced ceramic materials
Structure and properties of ceramics
Microstructure of ceramics
Ceramics and composites
Composite ceramic materials
Ceramic coatings
Nanostructured ceramics
Porous ceramics
Sintering and crystalline materials
Ceramics applications

Bioceramics and medical applications
Functional ceramics and inorganics
Ultra-high temperature ceramics
Ceramic compounds: ceramic materials
Ceramics in biology and medicine
Ceramic industry and environment
Non-oxide ceramics
Nuclear ceramics
Sols, gels and organic chemistry
Ceramic engineering in aerospace
Ceramic engineering in construction
Ceramic engineering in electronics
Ceramic engineering in medicine
