

# CALL FOR PAPERS

**ICBBSE 2022**  
**May 03-04, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBSE 2022 : International Conference on Biology and Biological Systems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biology and Biological Systems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological engineering  
(bioengineering)  
Biological systems engineering  
Biomedical technology  
Biomedical diagnostics  
Biomedical therapy  
Biomechanics  
Biomaterials  
Genetic engineering  
Synthetic biology  
Horizontal gene transfer  
Bioprocess engineering

Bioprocess design  
Biocatalysis  
Bioseparation  
Bioinformatics  
Bioenergy  
Cellular engineering  
Cell engineering  
Tissue engineering  
Metabolic engineering  
Biomimetics
