

# CALL FOR PAPERS

**ICACMEE 2022**  
**May 17-18, 2022**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACMEE 2022 : International Conference on Advanced Computer, Mechanical and Electronic Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Computer, Mechanical and Electronic Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering  
Acoustics and Noise Control  
Aerodynamics  
Applied Mechanics  
Automation, Mechatronics and Robotics  
Automobiles  
Automotive Engineering  
Ballistics  
Biomechanics  
Biomedical Engineering  
Body and Chassis development  
CAD/CAM/CIM  
CFD

Composite and Smart Materials  
Compressible Flows  
Computational Mechanics  
Computational Techniques  
Driver/Vehicle Interface,  
Information and Assistance Systems  
Dynamics and Vibration  
Energy Engineering and Management  
Computer Engineering  
Algorithms  
Artificial Intelligence  
Automated Software Engineering  
Bio-informatics
