

CALL FOR PAPERS

ICIMS 2022
May 20-21, 2022
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMS 2022 : International Conference on Intelligent Materials Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Materials Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Non ferrous metal material
Iron and steel
High strength alloys
Materials processing and handling
Composites
Micro and Nano materials
Ceramic
Optical, Electronic, Magnetic materials
Carbon based materials
Metallurgical science
Metallurgical fundamentals and techniques
New functional materials
Building materials

New energy materials
Environmental friendly materials
Earthquake materials and design
Biomaterials
Smart and intelligent materials
Intelligent materials systems
Polymeric materials
Thin films
Mechanical behavior and fracture
Tool testing and evaluation of materials
Processing technology for functional materials
Function test and evaluation technology for material analysis
