

CALL FOR PAPERS

ICNCC 2022
May 20-21, 2022
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCC 2022 : International Conference on Networks, Computers and Communications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Networks, Computers and Communications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Satellite Communication Networks
Wireless and Mobile Networks
Antenna Systems, Propagation and RF
Design
Grid and Social Computing
Cloud and Fog Computing

Smart Communications Systems
Internet of Everything, Data
Analytics and Smart Cities
Trust, Security and Privacy
Network Function Virtualization and
Software Defined Networks
