

CALL FOR PAPERS

ICCHDHP 2022
May 24-25, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCHDHP 2022 : International Conference on Cancer Health Disparities and Health Plans is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cancer Health Disparities and Health Plans. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cancer health disparities
Health disparities
Health equity and social justice
Cancer control continuum
Geographic disparities
Multilevel studies

Social determinants of health
Intersectionality
Interventions to reduce
disparities
Community-based research
Health plans and strategies
