

CALL FOR PAPERS

ICONC 2022
May 24-25, 2022
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICONC 2022 : International Conference on Oncology Nursing and Chemotherapy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Oncology Nursing and Chemotherapy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Oncology nursing practice	Supportive care services and lifestyle connection
Clinical implications and oncology nursing practice	Cancer therapeutics and metabolomics
Primary care and oncology nursing	Companion diagnostics in oncology
Oncology nursing and cancer care	Cancer immunotherapy and stem cell therapy
Psychological and psychosocial aspects and cancer care	Cancer therapy and treatment
Effects of cancer in chemotherapy and oncology nursing	Anti-cancer vaccines/drugs
General issues in oncology nursing	Cancer prognosis
Clinical oncology nursing	Cancer-basic and applied research
Breast cancer nursing	Nurse practitioner education
Pediatric oncology nursing	Nursing practice
Surgical oncology nursing	Online nursing
Gynecologic oncology and endocrine oncology	Radiation oncology nursing
Cancer pain management
