

CALL FOR PAPERS

ICNIDD 2022
May 17-18, 2022
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNIDD 2022 : International Conference on Nature-Inspired Drug Discovery is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nature-Inspired Drug Discovery. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Plants as sources of
therapeutically active molecules
against cancer
Method development and validation
of analytical technique for
quantitative estimation of herbal
compounds
Herbal antimicrobial compounds as
an alternative to synthetic
antibiotics

Quality control of herbal
drugs/formulations
Novel drug delivery systems for
encapsulation of herbal actives
Assessing the potential of small
molecules of natural origin in
emerging biological targets
