

CALL FOR PAPERS

ICRACM 2022
May 17-18, 2022
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRACM 2022 : International Conference on Recent Advances in Cellular Manufacturing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Cellular Manufacturing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cellular manufacturing
Research issues in cellular
manufacturing
Cellular manufacturing systems
Dynamic cellular manufacturing
systems

Cellular manufacturing
implementation processes
Design of cellular manufacturing
systems
Advantages and limitations of
cellular manufacturing
Recent cellular manufacturing
technologies
