

CALL FOR PAPERS

ICRORMP 2022
May 20-21, 2022
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRORMP 2022 : International Conference on Radiation Oncology, Radiobiology and Medical Physics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Radiation Oncology, Radiobiology and Medical Physics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Radiography and Radiotherapy
Radiography: Procedures and Methods
Clinical Radiography
Radiographic Testing
Therapeutic Ultrasound
Magnetic Resonance Imaging
Breast Radiography
Advances in Radiography
Patient safety and Practice Management
Radiology
Nuclear Magnetic Resonance Imaging
Biomedical Imaging
Oncology and Radiology

Cancer Cell Biology and Biomarkers
Advances in Cancer Detection, Imaging, Management and Prevention
Organ-Specific Cancers and Cancer Genetics
Anti-Cancer Drug Discovery and Development
Novel Approaches to Cancer Therapeutics
Cancer Therapy and Clinical Cancer Research
Socio-Economic Impact of Cancer
Ayurvedic Treatment for Cancer
Clinical Oncology
Cancer Immuno Therapy and Stem Cell Therapy
Effects of Carcinogenesis and Mutagenesis
Radiology, Procedures and Methods
Acquisition of Radiological Images
