

# CALL FOR PAPERS

**ICWFM 2022**  
**Jun 14-15, 2022**  
**Montreal, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWFM 2022 : International Conference on Wildland Fire Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wildland Fire Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wildland fire management  
Wildland fire management strategies  
Wildland fire prevention and suppression  
Wildland fire preparedness  
Hazardous fuels reduction  
Fire treatments

Wildfire safety  
Fire management  
Cooperation and collaborative planning  
GIS solutions for wildland fire suppression  
Fire management and invasive plants  
Forest fire disaster management
