

CALL FOR PAPERS

ICBFT 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBFT 2022 : International Conference on Bioprocess and Fermentation Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioprocess and Fermentation Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioprocess and Fermentation
Technology
The Art of Fermentation
Fermentation Extravaganza: A New
Revolution for Food and Beverages
Fermentation Aspects of New Product
Development
Yeast Engineering
Overview of Stem Cell Culture
Introduction to Bioprocess
Application of Bioprocess

Advanced Instrument for
Bioprocess Control and Automation
Bioreactors and Cell Culture
Systems
Fermentation and Cell Culture
Media
Optimizing Cell Culture Process
3D Cell Culture
Application and Manipulation of
Cultured Cells
Future Prospects for Cell Culture
Systems
Culture of Non-Mammalian Cells
