

# CALL FOR PAPERS

**ICCGCD 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCGCD 2022 : International Conference on Complications of Glaucoma and Corneal Disorders is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Complications of Glaucoma and Corneal Disorders. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ocular refraction and therapeutics  
Community ophthalmology  
Eye and surroundings disorders  
Investigation of corneal disease  
Corneal ulceration  
Epithelial keratitis and  
drug-induced epithelial keratitis  
Corneal degeneration  
Recurrent corneal erosion  
Corneal transplantation

Miscellaneous corneal disorders  
Corneal neovascularization  
Pathophysiology of glaucoma  
Open-angle glaucoma  
Biomarkers for glaucoma  
Impaired ocular blood flow  
regulation in open angle glaucoma  
Endothelin in glaucoma treatment  
Complications and management of  
glaucoma filtering  
Closed-angle glaucoma
