

CALL FOR PAPERS

ICEEP 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEEP 2022 : International Conference on Ecological Efficiency and Pyramids is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ecological Efficiency and Pyramids. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fundamentals of Ecology
Environmental and Earth Sciences
Biological Magnification
Loss of Biodiversity
Processes of Ecosystems
Components of an Ecosystem
Ecological Efficiency
Climate Change Impacts On Plants
Conservation Biology, Policies and Management
Environmental Hazards and Ecosystem
The Transformation of Energy

Ecophysiology
Ecological Pyramids
Macro-ecology and Biogeography
Networks and Biotic Interactions
Parasites, Pathogens and Disease
Population and Community Ecology
Restoration Ecology
Socio-ecosystems and Ecosystem services
Soil Ecology, Biogeochemistry and Plant Soil Interactions
Urban Ecology
Climate Change and International Response
