

# CALL FOR PAPERS

**ICNEPST 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNEPST 2022 : International Conference on New Energy Production, Storage and Transmission is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of New Energy Production, Storage and Transmission. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

New Energy Production, Storage,  
Transmission

Greenhouse Gas Treatment  
Thermal Energy and Power  
Engineering

Thermal Power Engineering  
Energy Engineering and  
Environmental Engineering  
Clean Energy Development  
Thermal Engineering

Thermal Energy and Power  
Engineering

New Technology for Oil and Gas  
Development

Ocean Energy Technologies

Energy Materials

Soar Technology

Clean Development Mechanism

Heat Engines

Fuel Cells and Applications
