

# CALL FOR PAPERS

**ICPRTSD 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPRTSD 2022 : International Conference on Personal Rapid Transit and System Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Personal Rapid Transit and System Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Personal rapid transit  
Operational automated transit  
networks (ATN) systems  
Origins  
UMTA is formed  
PRT research starts  
System developments  
Later developments  
System design  
Vehicle design  
Propulsion  
Switching  
Infrastructure design  
Guideways

Stations  
Operational characteristics  
Headway distance  
Capacity  
Single line capacity  
Networked PRT capacity  
Travel speed  
Ridership attraction  
Control algorithms  
Safety  
Energy efficiency  
Opposition and controversy  
Technical feasibility debate
