

# CALL FOR PAPERS

**ICRAMIPE 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRAMIPE 2022 : International Conference on Recent Advances in Mechanical, Industrial and Power Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Mechanical, Industrial and Power Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering and  
Technology  
Robotics and Automation  
Mechatronics Systems  
Sensor Technologies  
Hydraulic and Pneumatic systems  
Fluids and Thermal Systems  
Dynamic Systems and Control  
Dynamics and Mechanical Vibrations  
Mechanical Design and  
Manufacturing  
Microsystems Integration  
Cooperative Intelligent Systems  
Advances for Process Industries  
Adaptive Control

Conduction Heat Transfer  
Continuum Mechanics  
Corrosion and Reliability  
Discrete-Time Signal Processing  
Energy Systems  
IC Packaging process  
Linear System Theory and Design  
Mechanical Design of Robotics  
System  
Micro-System Technology  
Numerical Heat Transfer  
Physical System Modeling  
Precision Fluid Power control  
Refrigeration and Air Conditioning
