

CALL FOR PAPERS

ICS 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICS 2022 : International Conference on Cryptology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cryptology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cryptanalysis
Cryptographic applications in
information security
Design of cryptographic systems
Encryption schemes
General cryptographic protocols

Post-quantum cryptography
Pseudorandomness
Signature schemes
Steganography
