

CALL FOR PAPERS

ICSMCGM 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMCGM 2022 : International Conference on Soft Materials Chemistry and Granular Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Soft Materials Chemistry and Granular Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemistry of soft materials
Chemistry and physics of soft materials
Synthetic polymers
Biopolymers
Liquid crystals
Polymeric gels
Polymeric nanoparticles

Colloidal suspensions and glasses
Soft glassy materials
Granular materials
Influence of particle volume fraction
Influence of shear rate
Active particle suspensions
