

CALL FOR PAPERS

ICTAGMO 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTAGMO 2022 : International Conference on Transgenic Animals and Genetically Modified Organisms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Transgenic Animals and Genetically Modified Organisms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Transgenic animals
Genetically modified organism
Transgenic animals in
biotechnology
Recombinant DNA technology
Recombinant organisms
Transgenic animals in agriculture
Gene transfer technology
Animal nutrition
Animal genetics and breeding
Animal reproduction

Applications of animal
biotechnology
Cloned and transgenic animals and
their regulation
Animal growth and development
Animal products and food safety
Animal health, welfare and the
environment
Applied animal welfare science
Animal behavior
Animal testing
Animal diseases
