

CALL FOR PAPERS

ICUAPH 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUAPH 2022 : International Conference on Urban Air Pollution and Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Air Pollution and Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental Engineering
Air pollution
Pollutants
Sources
Health effects
Agricultural effects
Mortality
Cardiovascular disease, Lung
disease, Cancer
Children
Clean areas
Central nervous system
Historical disasters
Air quality

Neuroplastic effects of pollution
Particulates, biological molecules
or other harmful materials
Anthropogenic (man-made) sources
Natural sources
Emission factors
Alternatives to avoid air
pollution
Reduction efforts
Air pollution measurement vehicle
Industrial air pollution
Agricultural air pollution
Hazardous air pollution
Air pollution control
Air pollution forecasting system
