

CALL FOR PAPERS

ICAEAS 2022
Jun 10-11, 2022
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEAS 2022 : International Conference on Agricultural Engineering and Atmospheric Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Engineering and Atmospheric Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agriculture and atmospheric science
Abiotic stress
Agribusiness
Agricultural engineering
Agricultural production systems
Agricultural science
Agroecology Agroforestry
Agronomy
Animal husbandry
Biotechnology
Biotic stress
Crop alteration and biotechnology
Ecology

Effects of CO₂ on plant growth
Energy and agriculture
Environmental impact
Extensive farming
Farm Free range
Genetic engineering
Increased agricultural uncertainty
Intensive animal farming
Intensive crop farming
Intensive farming
Livestock Meat industry
Mechanised agriculture
New crops for a new climate
