

CALL FOR PAPERS

ICAAMB 2022
Jun 29-30, 2022
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAMB 2022 : International Conference on Advanced and Applied Molecular Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced and Applied Molecular Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applied Molecular Biology
Next Generation Molecular Ecology
Molecular Ecology
Population and Landscape Genetics
Molecular Tools in Ecology
Genetic Analysis of Populations

Genetic Variation and Diversity
Molecular Evolution
Phylogenetics and Phylogeography
Molecular Approaches to Behavioral Ecology
Conservation Genetics and Genomics
