

# CALL FOR PAPERS

**ICMASE 2022**  
**Jun 29-30, 2022**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMASE 2022 : International Conference on Modern, Alternative and Sustainable Energy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Modern, Alternative and Sustainable Energy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Distributed Energy  
Distributed Energy Market  
Innovations  
Modern Energy Support  
Home Energy Performance  
Domestic Energy Poverty  
Energy Ladder

Energy and Education  
New Concepts in Alternative Energy  
Ecological Friendly Alternatives  
Enabling technologies for  
Alternative Energy  
Clean Energy with Graphene
