

# CALL FOR PAPERS

**ICAPR 2022**  
**Jun 24-25, 2022**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPR 2022 : International Conference on Animal Physiotherapy and Rehabilitation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Physiotherapy and Rehabilitation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal physiotherapy  
Assessment, treatment and rehabilitation of animals  
Applied animal behavior  
Assessment of animal behavior  
Applied animal nutrition  
Comparative exercise physiology  
Equine and canine lameness  
Neurological and muscular conditions  
Physiotherapy assessment for animals  
Principles of electrotherapy in veterinary physiotherapy  
Canine treatment and rehabilitation  
Equine treatment and rehabilitation  
Applied animal biomechanics

Joint biomechanics  
Biomechanics of the vertebral joints  
Canine vertebral column  
Equine vertebral column  
Canine peripheral joints  
Equine peripheral joints  
Mechanics of locomotion  
Considerations in sport-specific pathology  
Biomechanics of the equine foot  
Soft tissue and joint mobilizations  
Soft tissue massage, trigger point therapy and myofascial release  
Stretching  
Strengthening activities
