

CALL FOR PAPERS

ICASAP 2022
Jun 24-25, 2022
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASAP 2022 : International Conference on Aerial Surveys and Aerial Photography is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerial Surveys and Aerial Photography. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerial survey
Advances in aerial surveys
Aerial survey methods and techniques
Aerial survey and analysis of images
Aerial surveying and digital mapping
Aerial photography
Aerial photography software, experience and measurement results

Interpretation of images for various applications
Unmanned aerial vehicles and Aerial surveys
Aeroplanes, helicopters, UAVs, balloons or other aerial methods
Applications of LiDAR in Aerial surveys
Remote sensing and applications in aerial surveys
Aeromagnetic surveys and gravity
Aerophotogrammetry
