

CALL FOR PAPERS

ICPPM 2022
Jun 24-25, 2022
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPM 2022 : International Conference on Pediatric Psychiatry and Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pediatric Psychiatry and Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pediatric psychiatry
Child and adolescent psychiatry
Psychiatric disorders
Pediatric health
Stages of development
Neonatology and perinatology

Pediatric intensive care
Pediatric and neonatal psychiatry
Pediatric neurology
Pediatric psychiatric nursing
Pediatric research
Advance therapies
