

# CALL FOR PAPERS

**ICVMCT 2022**  
**Jun 17-18, 2022**  
**Riga, Latvia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVMCT 2022 : International Conference on Vascular Medicine, Conditions and Treatments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Vascular Medicine, Conditions and Treatments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vascular biology and surgery	Paediatric vascular anomalies
Vascular diseases: Diagnostic and therapeutic approaches	Endovascular interventions
Vascular forms	Alternative medicine
Vascular conditions and treatments	Cardiac and vascular imaging
Pathogenesis of vascular anomalies	Clinical trials
Surgical management of vascular malformations	Cardiovascular diseases
Vascular anomalies: classification, imaging characteristics and implications	Fundamentals of cardiology
Vascular pharmacology	Research advancements
Genetics and vascular transcriptomics	Congenital heart defects
