

# CALL FOR PAPERS

**ICRSE 2022**  
**Jun 07-08, 2022**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRSE 2022 : International Conference on Renewable and Sustainable Energy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Renewable and Sustainable Energy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Solar Energy  
Wind Energy  
Sea Power  
Hydroelectric Power  
Thermal and Recycling  
Biomass  
Eco-Design  
Transportation generation

Distribution Power System  
Electricity storage  
Energy harvesting  
Renewable energy for IT equipments  
Green technology  
Energy efficiency  
Smart Grid
