

CALL FOR PAPERS

ICEAA 2022
Jun 10-11, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEAA 2022 : International Conference on Embodied Agents and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Embodied Agents and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:
