

CALL FOR PAPERS

ICFEE 2022
Jun 15-16, 2022
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFEE 2022 : International Conference on Fish Ecology and Evolution is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fish Ecology and Evolution. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fish Ecology
Fish and Aquatic Ecology
Fish Ecology and Evolution
Taxonomy, Ecology and Biology of Fish
The Environment, Organisms and Relationships
Effects of Abiotic Environmental Identities on Distribution

Biotic Factors and the Structure of Fish Communities
Migration, Territoriality and Shoaling in Fishes
Feeding and Growth
Life-Histories and Population Dynamics
Applied Ecology of Fishes
