

# CALL FOR PAPERS

**ICBE 2022**  
**Jun 21-22, 2022**  
**Venice, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBE 2022 : International Conference on Bioengineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioengineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioenvironmental engineering  
Bioprocess engineering  
Biomolecular engineering  
Nano-biotechnology  
Bio-pharmaceutical engineering  
Food and process engineering  
Agricultural and natural  
biotechnology products

Bioinformatics and computer  
applications in biotechnology  
Biomass and Bio-energy  
Biomedical sciences and  
engineering  
Biotechnology applications in  
medicine and health  
Biomaterials  
Biosensors  
Cell Culture Technology
