

# CALL FOR PAPERS

**ICCAADA 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAADA 2022 : International Conference on Computer-Aided Architectural Design and Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Architectural Design and Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial intelligence and machine learning  
Smart buildings, smart cities  
Virtual, augmented, and mixed reality (VR/AR/MR)  
Digital fabrication and robotics  
Telepresence, collaborative design  
Digital twin  
Generative, algorithmic, and parametric design  
Internet of Things (IoT), Big Data

Performance-based design  
Interactive and responsive design/environments  
Human-computer interaction  
Computational design education  
Digital conservation, digital heritage  
Building information modeling (BIM)  
Modeling, simulation, and analysis  
Laser scanning, photogrammetry, structure from motion (SfM), point clouds
