

CALL FOR PAPERS

ICCIAI 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCIAI 2022 : International Conference on Cellular Immunology and Allergy Immunotherapy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cellular Immunology and Allergy Immunotherapy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

B-cell and T-cell receptors
Extracellular acidosis
Advances in cellular immunology
Pattern recognition receptors and cellular encapsulation
Cellular senescence and cancer in aging
Vaccination-induced cellular immunity
Cellular automata and agent based models

Cellular antioxidant activities
Hypersensitivity, asthma and allergic responses
Mast cell in allergic inflammations
Allergy immunotherapy
Allergic disease models
Advances in allergy research
Food allergy
