

# CALL FOR PAPERS

**ICDNAVIV 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDNAVIV 2022 : International Conference on DNA Vaccines, Immunizations and Vaccinations is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of DNA Vaccines, Immunizations and Vaccinations. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

DNA vaccines  
Plasmid vectors  
Delivery methods  
Immune response  
Mechanistic basis  
Modulation  
Combination vaccines  
Edible vaccines  
Protein based vaccines

Geriatric immunization  
Immune mediated diseases-vaccines  
Innovative development of vaccines  
Child hood and maternal vaccines  
Vaccines industry  
Vaccines for unconventional  
diseases  
Plant derived vaccines  
Vaccines for pregnant women and  
neonates
