

CALL FOR PAPERS

ICECP 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECP 2022 : International Conference on Environmental and Conservation Psychology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental and Conservation Psychology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental psychology
Perception and evaluation of buildings and natural landscapes
Cognitive mapping, spatial cognition and wayfinding
Ecological consequences of human actions
Evaluation of building and natural landscapes
Design of, and experiences related to, the physical aspects of workplaces, schools, residences, public buildings and public spaces
Leisure and tourism behavior in relation to their physical settings

Meaning of built forms
Psychological and behavioral aspects of people and nature
Theories of place, place attachment, and place identity
Psychological aspects of resource management and crises
Environmental risks and hazards: perception, behavior, and management
Stress related to physical settings
Social use of space: crowding, privacy, territoriality, personal space
