

CALL FOR PAPERS

ICFDT 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFDT 2022 : International Conference on Fabric Dyeing Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fabric Dyeing Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- | | |
|---|--|
| Textile dyeing | Special solution containing dyes |
| Textile dyeing process | Particular chemical material |
| Textile manufacturing | Dye molecules |
| Dyeing techniques | Temperature and time controlling |
| Process of adding color to textile products | Different classes of dyes |
| Textile chemistry | Natural and man-made |
| Etymology | Animals or plants |
| History | Artificial dyes |
| Methods | Disperse dyes |
| Direct application | Broader range of colors |
| Yarn dyeing | Different types of fiber |
| History of garment dyeing | Different stages of the textile production process |
| Complex garment dyeing | |
