

CALL FOR PAPERS

ICMMRTMP 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMRTMP 2022 : International Conference on Manufacturing Methods for Resin Transfer Molding Process is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Manufacturing Methods for Resin Transfer Molding Process. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Resin transfer molding
Transfer molding
Fibers, resins and composites
Process and variations
Methods and applications
Numerical analysis of the resin transfer molding process
Manufacturing methods for resin transfer molding process

Simulation of the injection process in resin transfer molding
Concurrent methods for permeability measurement
Vacuum assisted resin transfer molding
Micro transfer molding
Robust resin transfer molding
Transfer molding and compression molding
Plastic transfer molding techniques
