

CALL FOR PAPERS

ICNCER 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCER 2022 : International Conference on Nuclear Chemistry and Elementary Reactions is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Chemistry and Elementary Reactions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear chemistry: an introduction
Radiochemistry
Radiology
Nuclear physics
Radiation chemistry
Radioactivity
Nuclear engineering
Nuclear power

Radiobiology
Nuclear medicine
Radiopharmacology
Radiation monitoring
Nuclear safety and security
Nuclear chain reactions
Nuclear fusion and fission
Nuclear fuel cycle
