

# CALL FOR PAPERS

**ICNN 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNN 2022 : International Conference on Nanotechnology and Nanomedicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanotechnology and Nanomedicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Novel Nanomaterials and  
Self-Organisation  
Synthesis of Nanoparticules  
Surface Physics  
Surface Alloys and Nano-Alloys  
Surface Chemistry and Catalysis  
Surface Structure  
Inelastic Tunneling Spectroscopy  
Oxides Ultra-Thin Films  
Molecular Self-Assembly  
Molecule on Surfaces  
Supramolecular Architectures

Semiconductor Nanostructures  
Quantum Dots  
Nano-Wires  
Single Photons Emitters  
Graphene and Carbon Nanotubes  
Nano-Optics  
Nano-Antenna  
Plasmonics  
Scanning Near Field Optics  
IR Spectroscopy  
Thermal Radiation
