

CALL FOR PAPERS

ICRAMIPE 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRAMIPE 2022 : International Conference on Recent Advances in Mechanical, Industrial and Power Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Mechanical, Industrial and Power Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering and
Technology
Robotics and Automation
Mechatronics Systems
Sensor Technologies
Hydraulic and Pneumatic systems
Fluids and Thermal Systems
Dynamic Systems and Control
Dynamics and Mechanical Vibrations
Mechanical Design and
Manufacturing
Microsystems Integration
Cooperative Intelligent Systems
Advances for Process Industries
Adaptive Control

Conduction Heat Transfer
Continuum Mechanics
Corrosion and Reliability
Discrete-Time Signal Processing
Energy Systems
IC Packaging process
Linear System Theory and Design
Mechanical Design of Robotics
System
Micro-System Technology
Numerical Heat Transfer
Physical System Modeling
Precision Fluid Power control
Refrigeration and Air Conditioning
