

# CALL FOR PAPERS

**ICS 2022**  
**Jun 21-22, 2022**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICS 2022 : International Conference on Cryptology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cryptology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cryptanalysis  
Cryptographic applications in  
information security  
Design of cryptographic systems  
Encryption schemes  
General cryptographic protocols

Post-quantum cryptography  
Pseudorandomness  
Signature schemes  
Steganography
