

CALL FOR PAPERS

ICUHLM 2022
Jun 21-22, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUHLM 2022 : International Conference on Urban Hinterlands and Land Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Hinterlands and Land Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rural-urban fringe	Valued landscapes
Urban hinterland	Land use characteristics
The spatial structure of the rural urban fringe	Landscape and nature conservation
Land and its management in the rural-urban fringe	Recreation and sport
Drivers of urban developments at the rural-urban fringe	Transport
Effects of urban deconcentration	Urban services
Modeling and managing urban growth at the rural-urban fringe	Agriculture
Commercial development at the rural-urban fringe	Land-use mapping at the rural-urban fringe
Spatial planning, area action plans and the rural-urban fringe	Positive and negative aspects
The rural-urban fringe problem	Urban developments at the rural-urban fringe
Disturbed landscapes	Spatial developments on the rural-urban fringe
Neglected landscapes	Current transitions and future expectations
Simplified landscapes
